

Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient

Speaker: Glen M. Applebaum, DDS

PROGRAM DESCRIPTION:

Patients with debilitated dentition often seek rehabilitation to quickly regain their confidence and quality of life. Immediate full-arch restoration can be an excellent solution for meeting patient demands and expectations. This program demonstrates a step-by-step, practical approach to both delivering a provisional full-arch prosthesis on the day of implant placement and later creating an aesthetic, functional definitive prosthesis.

PROGRAM OBJECTIVES:

At the end of the program, the participant should be able to:

- Understand the scientific basis for immediate occlusal loading of edentulous jaws.
- Use a decision tree to determine which patients are the best candidates for immediate full-arch therapy.
- Develop a plan for fabricating an immediate full-arch provisional restoration with the aid of the Revitalize™ Guidelines.
- Identify the surgical and prosthetic components required for clinical treatment.

Speaker: Glen M. Applebaum, DDS

Dr. Applebaum graduated from Rensselaer Polytechnic Institute with a BS in Chemistry and received his DDS degree from New York University College of Dentistry. He then completed a one-year residency program in General Dentistry at New Rochelle Hospital Medical Center, and is currently an Adjunct Instructor at the Medical University of South Carolina Dental School. Dr. Applebaum achieved Fellowship status in the International Congress of Oral Implantologists (ICOI) and Mastership status in the Implant Prosthodontic Section (IPS) of the ICOI, and has served as Vice Director of the Membership Committee of the IPS. Dr. Applebaum is a member of numerous professional associations, was the recipient of first place honors in table clinic presentations at the annual IPS meeting in 1999, and has several published articles. He maintains a practice in general dentistry with an emphasis on implant dentistry in New Rochelle, New York.

DATE:

Wednesday, September 27, 2017

VENUE:

Baku Palace
2001 Emmons Avenue
Brooklyn, NY 11235

ZIMMER BIOMET

Clinical Guidelines for Full-Arch Rehabilitation of the Edentulous Patient

Speaker: Glen M. Applebaum, DDS

Zimmer Biomet is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Biomet 3i designates this activity for up to 2 continuing education credits. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

DISCLOSURE: Zimmer Biomet Dental manufactures and distributes products discussed in this course. This course is designed to present a fair and balanced view of all options.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.

IMPORTANT: Massachusetts and Vermont laws prohibit manufacturers of dental devices from providing free meals to clinicians under certain circumstances. Please notify your host if you are licensed to practice in either of these states.

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. Zimmer Biomet Dental reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that Zimmer Biomet Dental is not responsible for reimbursement of travel expenses in the event that a course is cancelled. In the event that the registrant needs to cancel, written notification must be sent to Events@zimmerbiomet.com. Cancellations received less than 15 days prior to the course date will receive a refund of the tuition amount paid less a \$50 administrative fee.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of Value" items includes meals and continuing dental education credits.

All references to Zimmer Biomet Dental contained herein refer to the dental subsidiaries of Zimmer Biomet Holdings, Inc. Unless otherwise indicated, as referenced herein, all trademarks are the property of Zimmer Biomet; and all products are manufactured, distributed and marketed by Zimmer Biomet Dental (and, in the case of distribution and marketing, its authorized marketing partners). The ADA CERP logo is the property of its respective owner.

For additional product information, please refer to the individual product labeling/IFU. Product clearance and availability may be limited to certain countries/regions. This material is intended for clinicians only and does not comprise medical advice or recommendations. This material may not be copied or reprinted without the express written consent of Zimmer Biomet.
